**“Beyond Articulation: Purposeful Transfer”**

The 2022 SOCHE Articulation & Transfer Conference will take place on Friday, Oct. 21, from 8:30 a.m.-12:30 p.m. ET via the SOCHE Zoom platform. This year’s theme is “Beyond Articulation: Purposeful Transfer.” Our emphasis this year is how to assist students in being more intentional during their transfer process, how to create seamless transfer experiences for students going from a 2-year school to a 4-year, and what schools can do to better support these efforts.

In this keynote, John will argue that, to dramatically improve transfer outcomes and advance equity, K12 schools, community colleges, universities, and employers must take collective responsibility for transfer student success as a regional talent development strategy.
