

## TechCred Program Guidelines

Ohio's TechCred Program gives employers the chance to upskill current and future employees in today's tech-infused economy. Employers who submit successful applications will be reimbursed up to \$2,000 per credential when current or prospective employees complete eligible technology-focused credentials.

### Application and Reimbursement Process

1. Employer applies for funding during application period
2. The Ohio Department of Development scores application and awards funding
3. Employer sponsors current or prospective employees to complete an eligible credential program
4. Current or prospective employee successfully completes the program and receives approved credential
5. Employer submits proof of completion and receives reimbursement

### Employer Eligibility

Any Ohio registered employer that employs Ohio resident W-2 employees is eligible to apply. Employers of all sizes and in all industries are encouraged to apply. Only one application will be accepted per employer per application period. Agencies of the State of Ohio are not eligible to receive reimbursement. Additionally, training providers are not eligible to receive reimbursement for employees trained in-house. If a training provider wishes to utilize TechCred to upskill their employees, they must use an outside training provider.

### Employer Size Classification

For the purpose of application and fund distribution, the following employer size classifications will be used:

- 1-50 Employees: Small
- 51-200 Employees: Medium
- 201+ Employees: Large

### Individual Eligibility

Ohio employers may apply for reimbursement for credentialing of both current and/or prospective employees. Employers will not be required to identify specific individuals on the application for funding but will be required to identify employees who earned the approved credentials when completing the reimbursement request.

To receive reimbursement, the employer must be able to verify that credential earners are Ohio residents with a verifiable Ohio address. Individuals must be W-2 employees at the time of the reimbursement request; independent contractors or 1099 employees are not eligible for this program.

## Application Scoring Criteria

Employer applications will be reviewed competitively, based on the following criteria:

- Pledged average wage increase in relation to credential cost
- Level of economic distress in employer's region and regional balance of awards
- Amount of employer contribution toward the cost of credential

Applications will be reviewed competitively; awards will **not** be made on a first-come, first-served basis.
